9. I worked at different campuses during the contract period. Will I get retroactive pay in one paycheck or two?

Employees who worked at one campus and in one title during the entire retroactive period will receive one retroactive paycheck from the college. Employees who worked at multiple CUNY campuses during the retroactive period will receive their retroactive payments in multiple paychecks from each campus.

There is one exception. An employee who worked at one senior college and then moved to another senior college in a similar title (*e.g., CUNY Office Assistant at one senior college transferred to a different CUNY Office Assistant position at a different senior colleges*) may receive all of their senior college retroactive payments in one paycheck, issued from the last senior college worked. Keep in mind that this exception is only for senior colleges. Employees who worked at community colleges will receive pay for the applicable retroactive amounts from each campus where they worked.

10. I was appointed to different titles at different campuses represented by different unions during the contract period. How will I get my retroactive pay?

An employee who worked, or is working at two or more campuses represented by different unions will receive paychecks for the applicable retroactive amount from each campus.

12. I'm not longer working at CUNY. Am I entitled to retroactive pay? If so, how will I get my retroactive pay?

In most cases, you will be eligible for retroactive pay for any period you worked at CUNY during which there was a contractual increase.

Your retroactive paycheck will either be direct deposited to your bank account (*if the direct deposit is still active*) or sent to the college where you worked. Contact the college HR office to find out where you should pick up your check or if alternative arrangements are possible.

13. I am a CUNY retiree. How will I get my retroactive pay?

Your retroactive paycheck will either be direct deposited to your bank account (*if the direct deposit is still active*) or sent to the college where you worked. Contact the college HR office to find out where you should pick up your check or if alternative arrangements are possible.

You will receive separate paychecks for the retroactive amounts due to you.

16. I no longer work at CUNY, may I opt out of paying union dues on my retroactive pay?

No, neither a current nor previous employee can opt out of paying these dues because payment of dues and fees is a collectively bargained obligation. In addition, the retro pay is based upon the period of time you were in active service with the University.

17. What taxes will I pay on the retroactive amount?

Your retroactive amount is lumped together with your regular pay. The total gross amount will be taxed as regular salary. *(For example, if your bi-weekly salary is \$1000 and your retro amount is \$5000, your federal, state and city (if applicable) tax rate will be based on the gross amount of \$6,000).*

Keep in mind that any retirement and supplemental-retirement deductions are a percentage of salary and will be applied to the total gross amount.
