Ensuring Winter Well-Being: Stay Informed and Engaged in 2021

Dear Faculty and Staff,

With the Spring 2021 semester well underway and as we approach the one-year mark of this pandemic, Baruch College continues to move forward, ensuring our mission and prioritizing the health and safety of our faculty and staff with a largely work-from-home environment and protocols to keep those who do work on campus protected. And though there are signs for optimism, these continue to be uncertain and difficult times.

We in the Office of Human Resources (OHR) hope our efforts and College and University resources make things a little easier for you and your family. In that spirit, this newsletter offers the latest information, resources, and new programs for your health, wellness, career- and retirement-related needs.
