Human Resources Monthly: September 2021

Dear Colleagues,

So much has changed since our August newsletter, when we were preparing for the reopening of campus and the return of faculty, staff, and students in a hybrid environment. The smooth transition we have experienced is the result of the hard work, collaboration, and innovation of so many of you! The College and I thank you very sincerely for all you have done and continue to do.

Fall 2021 is our transition term. Like me, you are probably feeling a complex combination of emotions. Excitement for our return to campus and for seeing colleagues in-person is balanced alongside caution and the reassurance that adhering to health and safety measures will help us protect our community. Because the situation is still subject to change, I encourage you to monitor Baruch Forward for updates and resources, which now include the University’s new Covid-19 Safety Tracker. This digital dashboard provides weekly testing metrics and other critical information.

In the spirit of keeping us up-to-date, on track, and supported, the Office of Human Resources (OHR) is providing reminders and sharing webinars and other resources.
